Course information

Content 1

In this module you will gain the insight that text is a necessity in every professional art practice, and you will explore your own affinity and handling of written and spoken language within this field. You will also see that text can be an important medium in the creative process. The main focus of this module is to 'learn how to write' in relation to the exploration of the contemporary and diverse professional practice of the visual artist.

In this module you will use multiple (written) assignments to find your own (textual) voice/sound.
