

## Appendix TB test referral form

In order to obtain a residence permit, you (or the person you represent) must be prepared to undergo a tuberculosis (TB) test and - if necessary - treatment. If you submit the completed declaration of intent to undergo a TB test to the IND together with your application (and also meet all other conditions), the IND will grant you a residence permit as soon as possible.

You are granted this permit under the express condition that you will actually undergo a TB test within three months after having received your residence permit. Should it become clear after the issue of a residence permit that - despite signing the declaration of intent - you failed to undergo a TB test within the period of three months, this may result in a cancellation of the permit that was granted.

In order to undergo the TB test, you must make an appointment with the Municipal Health Service. For this appointment, you must complete the referral form as much as possible (part 1) and take it with you.

Please complete the referral form before you make an appointment with the Municipal Health Service. See also [www.ggd.nl](http://www.ggd.nl) for information about the Municipal Health Service. The completed form signed by the Municipal Health Service, showing that you underwent a TB test, must have been received by the IND from the Municipal Health Service within three months after having received your residence permit.

The obligation to undergo the test does not apply if you are a national of one of the countries listed in the appendix 'Exemption from the obligation to undergo a tuberculosis (TB) test'. Nor does the obligation to undergo the test apply if you have an EC residence permit for long-term residents issued by another EU country or are his/her family member and were already admitted to another EU country as a family member of the long-term resident.

# 1 Details of foreign national to be tested (the applicant)

The State Secretary for Justice and Security asks the director of the Municipal Health Service to test the below-mentioned person for tuberculosis (in the respiratory organs), as referred to in the Aliens Act Implementation Guidelines.
