

Bachelor of Music

Voice Jazz & Pop

Requirements for practical entrance exam

Pre-selection

Make a short film clip (max. 7 minutes), in which you show as much of your playing and musical passion as possible. One of the pieces you play will be an assignment. You will find a link to the backing track (in different keys) and the lyrics in the instructions. The other song you play is your choice. We would appreciate it if that is in a completely different style.

On the basis of the entries, the admissions committee (consisting of course teachers) will decide who is invited to the live audition.
